MARRIAGE OF 60 YEARS IS BROKEN

Ephriam O. Dale, Age Eighty-Six, Expires Today, Following a Very Active Life.

FORMERLY A CONTRACTOR

Superintended Erection of Many Buildings Here—Member of Remarkable Family.

A marriage tie of almost sixty-one years was broken today by the death of Ephriam O. Dale. Had Mr. Dale lived until September 5, he and his widow would have been married sixty-one years. Mr. Dale was 86 years old and died this morning at 11:45 o'clock at his home in North Main street. He had been in ill health for some time, death being due to senility and a complication of diseases.

Ephriam O. Dale was born at Harrisburg, Ind., on February 13, 1829, and had lived in this city for many years. He was at one time a very successful contractor, having built, or aided in the construction of some of the principal buildings of the city. Mr. Dale superintended the construction of the building now known as the Odd Fellows building.

In many ways Mr. Dale was a remarkable man. Although in ill health for several years he was not taken seriously ill until some time ago. Of late years he has frequently been seen on the streets in the business section.

Mr. Dale leaves three brothers all past eighty years of age except one, the youngest of whom is seventy-eight. He had one sister who is ninety-seven years old. The brothers are Hiram, Lewis and Oliver S. Dale, and the sister is Mrs. Catherine Bannister. His widow and one son, Oliver M. Dale, also survive, besides two granddaughters, Mrs. Tom J. Geraghty of New York, and Mrs. Courtland Day of Los Angeles, Cal.

He was a member of the Main Street Christian church. For many years he had made his home with his son, Oliver.

The funeral services will be conducted Saturday morning at ten o'clock at the late residence and burial will take place in East Hill cemetery.

THREE BANDITS KILLED

Thirty-Five Driven Across Rivers, But They May Recross.

(By United Press.)

Brownsville, Texas, August 12.—Three bandits were killed in a running fight with soldiers and citizens on the border near Mercedes today.

Thirty-five of the bandits were driven across the river where one hundred others joined them. Real trouble is expected tonight if the Mexican band attempts to recross the river.

SUIT ON NOTE.

Harry McDaniel has filed suit on a note against Alpheus P. Walker and Alberta M. Walker, demanding $1,100. McDaniel alleges that on July 6, 1914 the defendants gave him their note for $900 payable within one year from date and bearing six per cent interest. The complaint states that the note is past due and that a reasonable attorney fee is one hundred dollars.

MARRIAGE LICENSES.

A marriage license was issued Wednesday afternoon to Jesse Lee Booth and Anna D. Meyer.

ABANDONMENT IS CHARGED

Lavanche Coyne Demands Divorce From Thomas Coyne.

Lavanche Coyne has filed suit for divorce from Thomas Coyne, alleging cruel and inhuman treatment and abandonment. The complaint states that they were married on November 1, 1909 and separated July 26, 1913, at which time he abandoned her. She alleges that he failed to provide and she was compelled to work in order to support herself. She states that they have not lived to gether since he left her on July 26, 1913. Mrs. Coyne asks for the resoration of her maiden name, Lavanche Innis.

GLENWOOD MAN HEADS P. O. S. OF A.

John F. Mapes is Elected President of State Organization at Indianapolis Meeting.

TWO LOCAL MEN ARE ELECTED

Local members of the P. O. S. of A. lodge carried off the honors at the state meeting of the order, which closed yesterday in Indianapolis. Jesse Woliung was elected state master of forms and Theodore Jarvis was elected state trustee for a period of three years. John Mapes, of Glenwood was elected to the highest state office, being named state president. He advanced to this office from the office of master of forms. Jesse Woliung, Joe Miller, Theodore Jarvis and James Gregg were among the local men attending the meeting, which was said to have been the best ever held. The meeting last year was held in Glenwood.

SATISFIED WITH LOCAL ASSESSMENT

State Tax Board Informs Rush County Officials Valuations in This County Are All Right.

AVERAGE RAISE 5 PER CENT

Notice has been received by County Assessor Henry Schrader and the county auditor that the assessment of Rush county real estate is considered satisfactory by the state tax board and there will be no changes. This news was highly gratifying to the auditor's office as the tax books for next year all made out and a change would have meant all kinds of work. Only about five counties in the state were raised by the state board.

The real estate assessments taken for the county as a whole showed an increase of about eight per cent and the average increase of real estate and personal property was about five per cent. The state board could find no fault with the work of the board of review here.

(By United Press.)

Valparaiso, Ind., Aug. 12.—Rabbi Stephen S. Wise of New York city, was the speaker today at the forty-second annual commencement exercises of Valparaiso University. The largest class in the history of the institution received diplomas.

A marriage license was issued this morning to Hugh H. Wright and Hazel S. Simmons.

COMBINATION TO BRING GOOD LUCK

Farmers Feel That Since it Couldn't be Worse, Perhaps Friday 13th May Mean Fortune Will Smile.

LITTLE WHEAT IS RECEIVED

All Wet Grain is Docked Three Cents Per Bushel For Each Pound Under Fifty-Eight.

FRIDAY THE THIRTEENTH.

Tomorrow is Friday, the thirteenth. Farmers see some prospect of a change in weather conditions. Such a combination is supposed to bring misfortune, but since it could not be worse, they are hopeful that it means good fortune.

There was no chance for threshing in Rush county today, according to farmers. It will require a good bit of sunshine if they get to threshing tomorrow.

The loss to Rush county farmers is mounting into the thousands of dollars each day the wet weather continues. Many threshing companies have never started and others no more got started when the rainy season began.

Inquiry at elevators here today developed that very little wheat has been sold in Rushville this week. That which is being sold grades very low because of dampness.

At one elevator it was stated that Monday has been the biggest day this week. On that day forty-seven loads of wheat were received and of that only ten loads graded up to the standard. This is thought to be about the average for wet wheat.

"The wheat that has come in since the rain began is bad enough," said one elevator man," but that which is still out is in much worse condition."

It is the rule at Rushville elevators to dock three cents a bushel for each pound below fifty-eight pounds. Very little wet wheat measures up to fifty-eight pounds to the bushel because the water causes it to swell up and causes it to weigh lighter.

One elevator today had a scale of prices. They were offering $1.05 per bushel for wheat which had been threshed before the wet weather began and kept dry at home and one dollar for wet wheat that graded up to the standard. Then, for instance, if wet wheat weighed only 57 pounds to the bushel, the farmer would receive ninety-seven cents a bushel. Wheat that will grade fifty-eight pounds when dry will grade only fifty-five pounds when wet.

There is one company of farmers north of Rushville who have seven hundred acres of wheat to thresh. Many of them are not expecting to realize as much as half of what they would have realized had it not rained. With forty-eight hours of sunshine, one farmer in the company said today, they will start all the threshing machines they can find right through the company and will hire all the extra men possible and get the wheat threshed.

HAITIENS NAME PRESIDENT.

(By United Press.)

Port Au Prince, Haiti, August 12.—The president of the national assembly, General Darticunaze, was today elected president of the Haitien republic, receiving a majority of all votes by the assembly. There was no disorder.

A baby girl weighing nine pounds was born to the wife of Mack Perry at their home in West Third street this morning.

NO ESTIMATE FOR A POOR ASYLUM

County Budget For 1916 Does Not Contain Recommendation For Appropriation For New Building

TO BE DONE LATER, IT IS SAID

Last Appropriation For Court House Bonds Will be Made When Council Meets Next Month

Attention has been called to the fact that the budget for the expenses of Rush county in 1916 did not include an estimate for the erection of a county poor asylum.

It was stated that if an appropriation is made before the spring of 1916, a special meeting of the county council would be called and necessary funds appropriated.

The commissioners have already asked the county council for an appropriation to erect new buildings at the county poor farm. The council has never turned the request down, but it is generally understood that the council is waiting for a more propitious time.

It is held that it would be foolish to go through all the necessary "red tape" required before construction this late in the summer because work could not be started before cold weather had begun. It is pointed out by many that the appropriation can be made and the contract let during the winter so that building can be started in the spring. The state board of charaties recommended that new buildings be erected on account of the unsanitary conditions of the present plant.

Attention has been directed to the cost of construction of the court house and jail since this year the last appropriation will be made for the payment of court house bonds and Rush county will be out of debt on its court house for the first time in fifteen years.

The total bond issue for the construction of the court house and jail was $230,000. The first issue was for $160,000 and was dated March, 6, 1896 and the second issue of $70,000 was made in 1898.

Both issues were in sizes of one thousands dollars each, five per cent non-taxable bonds, payable at the rate of $10,000 a year. The first series of the first issue was payable March 1, 1901 and the first series of the second issue November 1, 1909. So, since the latter date, Rush county has been paying off her court house bonds at the rate of $20,000 a year. The last series of the second issue will be paid off November, 1, of this year, and next year on March 1 the last series of the first issue will be paid, and then the county will be out of debt on its court house.

The total budget this year calls for $208,411.59. Of this sum $59,-188 is for ordinary expenses and $149, 223. 59 is for flood bonds and interest, court house bonds and interest, gravel road repairr and for the redemption or gravel road bonds and coupons.

The council last year, at its regular meeting September 9, appropritaed $193,483, which included $52,750 for ordinary expenses, $20,-000 for court house bonds, $6,000 for flood bonds and $103,733 for the redemption of gravel road bonds. It will be noted that about $2,000 more is asked for the redemption of this class of bonds this year.

Since making the appropriation at the regular meeting, the county council has held four special meetings at which deficiency appropriations have been made, making the total appropriations for the year $207, 344. That is about one thousand dollars less than asked for this

Judge Eichorn Overrules Motions of Defense in Marion County Election Corruption Cases.

MAYOR TO BE TRIED FIRST

(By United Press.)

Indianapolis, Ind., Aug. 12.—Special Judge Eichorn sustained today all but five counts of the indictment which charges Thomas Taggart, Democratic national committeeman, Mayor Joseph E. Bell, Chief of Police Perrott and over one hundred others with conspiring to corrupt the Marion county election. Forty-three counts were sustained.

The state elected to try Mayor Bell first and his trial date was fixed for September 7. The defense had filed motions for separate trials which were granted. The defense desired that Thos. Taggart be tried first, but the wishes of the state prevailed.

The defendants through their attorneys entered pleas of not guilty. Seven defendants previously had pleaded guilty to the conspiracy charge.

WILL REPLY TO CARRANZA DEFY

Administration Will Not be Backed By Central and South American Countries However.

THEY OPPOSE INTERVENTION

It is Realized Answer Washington Would Like to Make Would Bring Certain Action.

CHARLES P. STEWART.
(U. P. Staff Correspondent.)

Washington, August 12.—President Wilson faced an involved Mexican tangle today. General Carranza had defied him. It was known the administration meant to answer this warning.

Secretary of State Lansing was the first of his cabinet advisors which the president conferred with on his return from Cornish, N. H. and the Carranza defiance was the first they took up.

That the "first chief's" not was deemed defiiant was passively admitted almost certainly wanted to make was likely to precipitate a situation south of the border that would render American intervention inevitable.

The Latin-American powers refused to endorse intervention. Argentenia went so far as to reply promptly and officially to the Carranza note that the South American republic disclaimed any intention to interfere in Mexican affairs or to identify itself with any program having that end in view.

No doubt existed that the other South and Central American conferences held the same view.

The United States must not only act alone if it intervenes but must act against the vigorous opposition of the countries which it called into its counsels relatives to the Mexican situation.

Carranza did nothing to smooth the administration's way.

As was predicted in United Press dispatches Tuesday, President Wilson suddenly brought to an end his vacation and this morning arrived back in Washington to take charge of the Mexican situation.

The cabinet meeting which was called for 10:30 o'clock this morning was not held.

He is desirous of following the plan for the settlement of the Mexican question inaugurated when South and Central American republics were invited to confer on Mexican affairs. He is determined, however, to afford protection to foreign ers in Vera Cruz.

It was understood that President Wilson will continue with is Mexican plans despite the evident efforts of Gen. Carranza to show that he is not in accord with the intentions of the Pan-American conference. Carranza is to be given an opportunity, however, to agree to the plan finally determined on.

The Latin-American diplomats' conference with Secretary Lansing in New York Wednesday ignored Carranza's defiant note to the United States in which he demanded that "A. B. C." diplomacy be kept out of Mexican affairs.

The action marked the first step by the governments of North, Central and South America to compose the troubles of turbulent Mexneo.

The Pan-American conference agreed that a note should be dispatched from Washington at once making an emphatic request that the differences of the factions in Mexico be settled and that peace be restored. The nations participating in the conference were the United States, Brazil, Chili, Argentenia, Bolivia, Guatemala and Uruguay.

A Great Free Demonstration of Scholl's Foot Comfort Service

SATURDAY, AUG. 14, 1915

Consult the Chicago Foot Specialist FREE

On this day **FREE** examination and advice will be given by an expert under the direction of Dr. Wm. M. Scholl, the famous foot specialist. He will also give demonstration of foot appliances necessary in the correction of foot troubles. This important event was arranged at great expense principally for you who have weak, tired, aching, calloused feet, for you who suffer from bunion pains and corns, or who have broken down arches, crooked toes, and hammer toes, for you who have tried fruitlessly to get relief. Not obliged to buy shoes here.

If you have flat foot, weak feet or broken down arches, no matter if you are already wearing arch supports, have your feet scientifically examined by this specialist and let him advise you what to do. If you have been using bunion and corn remedies that furnish temporary relief without correcting the cause be sure to get this scientific advice.

If you are one of the many thousands who have always had trouble in being properly fitted to shapely footgear come to our store. The difficulty will be solved easily and simply and perfect foot comfort will be given you.

WARNING: You may not realize it but those slight aches at the heels and ankles, those painful cramped toes, that body weariness and brain fag are typical of weak arches and likely to result in a serious derangement of the whole nervous system. Many people have mistaken these pains for rheumatism and have tried internal remedies to correct them when all they really needed was proper support of the feet arches.

REASON FOR THIS DEMONSTRATION

It has been our ever constant aim to make this the most progressive shoe store in town. For months we have thoroughly investigated the efficiency of the service rendered users of Dr. Scholl's Foot Specialties and wearers of his appliances. We have seen people who previously walked with great difficulty now able to stand the most rigorous exercising of the feet, enduring long walks and long standing without the slightest annoyance. We have found everyone of Dr. Scholl's corrective devices anatomically correct and scientifically perfect. To give our patrons and friends the fullest benefit of the Scholl Foot comfort Service we have arranged this demonstration and will henceforth conduct in our store an orthopedic department for continued service of this character. We are headquarters for Scholl's Foot Comfort Specialties and Appliances.

THERE'S A SCHOLL APPLIANCE FOR EVERY FOOT AILMENT OR DEFORMITY

Whatever your foot troubles may be, there is a Scholl appliance or device which will correct permanently the trouble from which you are suffering. Consult this noted specialist and let him advise you about your trouble.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentanel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unsightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentanel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentanel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "sentanel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sentanel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membraneous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentanel tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

year. The council generally slices the budget down some.

Some interesting things may be found in the records concerning the erection of the court house and jail, all of which have been called to mind by the fact that the last bonds will be soon paid off.

Bids were received March 5, 1896 by the commissioners and the contract was let to P. H. McCormick of Columbus for $157,143, who is termed in the records as "the lowest and best bidder." The contract, of course, did not include furniture and other equipment.

The two bond issues of $230,000 do not represent the cost of the court house and jail to the county. It must be remembered that the county has been paying interest on the bonds all this time, which would bring the total up considerably. The first issue of bonds was sold to Seasongood and Mayor of Cincinnati and the second to Campbell, Wild and company of Indianapolis.

Another interesting bit of record recalls that the court house was removed to the second floor of the K. of P. building while the new building was being constructed. The records show a contract entered into by the commissioners and the trustees of Ivy lodge No. 35, K. of P., whereby the county paid the lodge $70.83½ a month rent for the lodge room.

What Mgr. Rasor Has to Say About the Silent Drama

You positively must see Harry Myers and Rosemary Theby in "The House of a Thousand Relations," two act comedy. Harry and Rose are tired of boarding so they go into house-keeping. They invite a "few relations" to a housewarming. They all come and bring their friends. Grandpa has the gout and his foot is always getting into trouble. Finally when eaten out of house and home and with relatives sleeping everywhere, Harry and his wife sneak off in the night leaving a message for their friends to take the house. You must not miss this for a big laugh. Tomorrow, Princess Hassan (Ola Humphrey) in "The Purple Iris," will relate a series of startling exposures of life in a harem that will forever lift the mysterious veil from the far east.

Respectfully,

CHAS. R. RASOR.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Mexican Policies

It is announced that there will shortly be a change in President Wilson's Mexican policy, and this seems to imply that hitherto he has followed a single undeviating course, but a mere glance at past events reveals two distinct periods. The first was one of paternal and more less active interference the demand for the elimination of Huerta, the virtual calling of an election in Mexico, the consideration of the qualifications of various candidates for President, and efforts to solve the interminable land reform question. After the Tampico incident a year ago last spring American ships and the men occupied for many months the chief port of a nation with which we were not supposed to be actually at war, thus indirectly aiding the insurgents and bringing about Huerta's downfall.

The second period, the period of inactive on-looking, seemed to be due less to the fact that worse conditions followed the elimination of Huerta than to other absorbing complications brought about by the war in Europe. A third period appeared to have been inaugurated last May when President Wilson warned the rival Mexican chieftains that if they did not adjust their differences and restore order in their distracted country "within a very short time," the United States government would proceed to "help Mexico save herself." During the second period, in the course of his Jackson Day speech at Indianapolis, President Wilson recognizer the right of the Mexicans to engage in civil war and declared his intention not to interfere with their "struggle for liberty" but the patience thus revealed seemed exhausted when he sent his warning in May. This warning, after long waiting, having manifestly been disregarded and the conditions having grown steadily worse, an actual interference is again promised.

At least three features of the new programme, as reported, are likely to commend themselves to thoughtful citizens of this country. We refer to the calling of leading Latin-American republics into consultation, the proposition of an all-American embargo on arms to Mexico, and the assurance that, whatever may be undertaken, Mexico will not lose any territory. As heretofore President Wilson is said to consider intervention not as a means of safeguarding American interests but of protecting the Mexicans from themselves. This presupposes right of supervisoin over the affairs of an independent neighboring country which ordinary circumstances would have no existence, but if Mexico has become a disgrace to the western hemisphere to an intolerable degree, the joint interference of several American republics can be justified.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

THIRD DISTRICT G.O.P. IN BIG RALLY

Republicans Flock to West Baden From Nine Counties For Love Feast Today

PLENTY OF ENTHUSIASM

(By United Press.)

West Baden, Ind., Aug. 12.—Utilizing every means of conveyance Republicans flocked here today from every nook and corner of the nine counties that compromise the Third congressional district. The occasion was the big Republican rally of the district.

Due to inadequate means of transportation, many of today's arrivals started early yesterday. A district meeting is a sure thing in the Third, which added all the more to the enthusiasm displayed today.

Governor Phillips of Wisconsin had not arrived early today and the expected announcement that he would not be present. Other speakers of note were ready to fill the gap, however. Enthusiastic greetings and cheers could almost be heard in Thomas Taggart's stronghold at French Lick.

MAN IS MISTAKEN FOR WOMAN HERE

Fred Speer, Giving Home as Orleans, Ind., Has All Earmarks of Being One of Feminine Sex.

THE MEN FOLKS ALMOST FLIRT

A "womanish looking" boy attracted attention in the business section of the city last night. According to his story, everywhere he goes he is mistaken for a woman parading in men's attire. He gave his name as Fred Speer and his home as Orleans, Ind. Attention was first called to his queer appearance at a local restaurant. Men in the restaurant were so sure that it was a woman that they almost flirted with Speer. Their suspicions were almost confirmed when Speer winked at them.

He is small of stature, having small hands and feet and features of a woman. His hair is worn rather long and parted in the middle. Speer says he is out looking for work and came here from Greensburg. He was arrested the first of this week in Indianapolis, having been mistaken for a woman parading in the dress of a man. About the only thing about Speer that was not "womanish" was the manner in which he held and puffed at his cigarettes.

INDIANS HAVE CHANCE AT FLAG

Manager Hendricks Predicts His Team Will Cop Pennant Beating Out St. Paul

BAD LUCK HAS ALL PASSED

Fans Expect Winner as Fed Won it Two Years Straight—Now in Third Place

BY ROCKS BARTLEY
(U. P. Staff Correspondent.)

Indianapolis, Ind., Aug. 12.—Will Indianapolis be on the baseball map when the chill winds of late September begin to blow around the Hoosier Capital? This is a question which is uppermost in the minds of Indianapolis baseball fans and in the minds of the followers of the game pretty generally over the state After having a pennant winning team for the past two years via of the Federal League team now residing in Newark N. J., the Hoosier capital naturally expects some kind of a pennant at the close of the season.

When the above question was put to Manager Hendricks today he said "I firmly believe that Indianapolis has a good chance to capture the Association championship. As things look now I see nothing that can keep us from being on top when the race ends on Sept. 19. For awhile it looked bad when all our pitchers were laid up with sore arms but now with Tipple, Merz, Willis, Leverenz, Schardt, and young Crandall, and a good chance of regaining Burk from the Pittsburgh Federals today by means of an injunction, I think our bad luck has passed."

As to the strongest contenders for the championship, Hendricks said: "The teams Indians must beat are St. Paul and Minneapolis. Both are leading us now but I predict that both have shot their wad and will soon be on the down grade. They haven't had their off day yet. Indianapolis has had hers and is that much ahead."

When asked about the possibility of Sandy Burk being sold to the New York Yankees or the Washington Americans, in case Judge Reed of the Pittsburgh court today issued an injunction to prohibit he former Indian from playing with the Pittsburgh Feds, Manager Hendricks intimated that Burk would not again be seen at Washington Park though he would not say where he would go.

LOST ON THIS DAY IN 1912

(By United Press.)

New York, Aug. 12.—Christy Mathewson is 36 today. Frequently he celebrated his anniversary with a baseball victory; what he'll do today remains to be seen.

Only once has the old master consorted with Dame Defeat on his birthday. This happened in 1912, and then Christy, acting in a relief capacity for a bombarded boxman, could not sudue the Cardinals, and they procured the winning run off him. Last year "Matty" pitched part of a game on his birthday against the Superbas and held safe a two-run lead bequeathed him by Arthur Fromme.

On August, 12, 1911, it was fortunate for "Big Six" that he was not asked to work, as the Giants failed to get a run off "Dut" Chalmers, of the Phillies. Christy had an afternoon off on August 12, 1910, but on August, 12, 1909, he shut the Cubs out with four safeties, and on Aug. 12, 1907, he conquered the Pirates and pitched the Giants into second place.

EVEN GRAY HAS HIS TROUBLES

He is "Little Navy" Man, the Class Who Are Being Blamed For Present Condition in Country.

MAKES ENEMIES OTHER WAYS

Indianapolis Political Writer Discussed Possibilities in Sixth District Politics.

George W. Stout, writing in the Indiana Times, comments on political conditions in the sixth district, declaring the Republican leaders are sanguine. He says in part:

Over in the stormy Sixth district, home of political typhoons, where the semi-annual crop of cyclones alwys is a bumper and where many a shrewd politician has hit the bumps in times agone, there is beginning to be noted a more than casual interest in the matter of the congressional contest of 1916.

In the event the new primary law is in effect and operating next year the congressional preliminaries may not be especially interesting. If the nominations are made by delegate conventions in the old way, there may be something stirring, at least on the republican end of the sketch.

Several counties of the district boast proudly of favorable sons who are being urged to go after the republican nomination. There is little or no talk of any effort to snake the Democratic prize from the possession of Congressman Finly H. Gray of Connersville.

At the same time Gray is having his troubles, as a congressman will when he is set at the task of selecting a few men out of an eager army to fill salaries positions under Uncle Sam. There are many more "deserving democrats" in the Sixth district than there are available jobs to be filled thereby. Every postmaster appointed means ten would-be postmasters disappointed. The disappointees in each community from the nucleus of trouble for Gray.

Because hope springs with unusual vigor in the Republican breast in the Sixth district this year, there is a strong desire in many quarters to be up in front when the congressional choice is made by the Republicans of the district.

Sanguine Republican leaders count the Sixth as one of the surething eggs in the 1916 basket. There is a feeling throughout the district that Representative Gray is due for a beating. Hence the popping up here and there of favorite republican sons in the various counties.

Congressman Gray is a "little navy" man. Just at this time the national administration plans a considerable enlargement of the United States navy as a part of the general program of proper preparedness. Emphatic notes and warnings are being sent out from time to time to armed and fighting nations, and the United States, though wordily defiant, is without a navy with which to square deeds with words in case the time comes for making good our brave declaration of American principles.

Gray and his "little navy" kind are being blamed for the unprepared condition of the navy, and the situation is being pointed out as indicating the alleged narrowness of Gray's statemanship.

On the other hand, the Sixth district is a center of peace sentiment, and Gray has not failed to place himself in accord with prominent and influential leaders of the Society of Friends, which organization is a power in Sixth district politics.

In a recent letter to the peace advocates of Wayne coiunty Congressman Gray promised to co-operate in the movement for a peace congress of the nations. At the same time he said the country must have an adequate navy. He did not commit himself to support the national administration's recently formed large naval plans. Nor did he suggest that any mistake had been made in the past by the "little navy" forces in preventing the timely building of the adequate navy he now advocates.

While Gray's friends are making the argument that it is necessary for the voters to stand by Wilson by voting Gray, or some other Democrat into congress, the Wilson talk is not helping Gray to any considerable degree for the reason Gray in the past has not been in favor of an adequate navy. He must reverse himself if he is to take his stand with Wilson. Republicans are saying that it is not so much a question of backing up Wilson as it is a matter of backing up Uncle Samuel.

* * *

First of all, the 1916 Sixth district republican nomination for congress is not looked on at this time as an empty honor. That makes a big difference. Because the nomination is believed by many republicans to be worth going after; because many republicans feel that a reunion of forces makes it possible to win at the election next year, aspirants are being mentioned and some are planning to get into the race.

P. J. Lynch of Newcastle, who made a remarkable fight for election in 1914, cutting Gray's plurality to 3,000 in spite of G. O. P. division, is an avowed candidate for a renomination. He has given out word in the last few days that he will be on the ground in a short time to begin an active canvass of the district. Lynch is believed to have a considerable advantage in a primary contest. His friends declare, however, that it makes no difference to them whether it is to be a primary or a delegate convention. They say they believe Lynch's race in 1914; the friends he made in his complete and militant campaign, and the friends he will be able to make in future, will make his renomination sure..

They feel a primary would give Lynch an advantage by reason of the general sentiment on behalf of the man who has made a good fight under adverse conditions. The Lynch people say they will welcome all comers to a trial of strength in the primary or in the convention, but they serve notice Lynch is going after the nomination good and hard, with all is might. * * *

Lynch has won admiration by reason of his fighting quanities. When the religious issues was attempted to be injected in the 1914 campaign Lynch met the matter squarely and in the open. He invaded Wayne county and sought out the bull moose hotbeds and made his appeal directly to the voters, making more Republican speeches in Wayne than had been heard there before in years. Lynch was not afraid to speak up for his party.

The fact he was able to show he had gone down the line for Roosevelt in Pennsylvania in times past, when it took fighting courage to make a stand, has helped him greatly with the Roosevelt men in the Sixth.

While the Lynch forces are busy rounding up the voters the friends of other candidates are grooming their favorites in the various counties.

FRAT LEAGUERS PLAY TOMORROW

Battle For First Place Will be Stagged at Edgewater Park With Consent of Weather Man.

LINEUPS ARE ANNOUNCED

The K. of P. and Red Men teams of the Fraternal league are asking the weather man to be kind long enough to play the game scheduled for Friday afternoon. The diamond is pretty well soaked at present but with a little sunshine it will be possible to play the game. Both teams are all ready and a hot contest is expected as the K. of P.'s must win to retain first place and the Red Men must win to keep from hitting the cellar.

The Knights of Pythias will line up as follows: Carter, short; Camp, right; Cassady, second; Tompkins, catch; Todd, left; Brown, third; McGuire, first; McDaniel, center and Conde, pitch.

The Red Men lineup as follows: Small, right; Waggoner, third; Stoops, first; Black, left; Wilson, second; Miller, catch; Hosier, center; Sweet, short and Yazel, pitch. The game will be called at 3:15 o'clock.

GRAIN STORAGE LAW UNCHANGED

Warehouse Owners Must Not Discriminate And Must Give Reasonable And Fair Service

LAPP COMPLETES INQUIRY

Wrong Impression Held by Farmers And Storage Men Alike—Unfortunate Handicap

(U. P. Staff Correspondent.)

Indianapolis, Aug. 12.—Statewide controversy over the application of state laws to the storage of grain was cleared up oday for the United Press by John A. Lapp, director of the bureau of legislation information.

"The law has not been changed to prohibit storage of grain nor to put a serious handicap upon it," said Lapp. "Warehouses which store grain must not discriminate and must give a reasonable service at a fair price. Any person who is aggrieved by failure to give such service may appeal to the state public service commission which acts as a court of justice in this matter."

Reports searching various state offices at first led to the suspicion that there was a state-wide effort on foot to defraud the farmers by giving out the impression that some law existed whereby warehouses could not store grain. Although this impression exists in many sections, it was not found by Lapp to be general. Lapp completed today a full injury into every county in the state concerning the matter.

After this was nailed, it was discovered that warehouse men very generally held the impression that to store grain would place warehouse men under very unfavorable rulings of the public service commission. This impression, according to Lapp, should be corrected also. He explained as follows the part played by the commission:

"The public service commission law does require that warehouses which receive grain for storage shall give reasonable service at a fair price; it does require adequate service, prohibits discriminations and requires certain reports to be made by the warehouses to the state commission. But it is absurd to assume that those requirements prohibit the storing of grain. They are reasonable requirements and moreover any question arising may be referred to the state commission where a fair and impartial hearing can be had. Surely no one would expect that a warehouseman would be compelled to build addition can it be said that it would be discrimination to turn away customers when the warehouse is full any more than it would be in, the case of a Pullman car when all berths are taken.

"Adequate service could not mean that additions must be built for that would be an unreasonable requirement and the provision aginst discrimination could reasonably mean only the 'first come first served.'

"That the warehouses generally find no difficulty in the matter is plain for reports from nearly all parts of the state indicate that grin is being stored as usual. Several counties however, report that some warehouses have become merely buyers.

"It is unfortunate for the farmers that there should be any handicap upon the storage of grain this year because of the good prospects and because of the favorable action of the federal reserve board in ruling that federal reserve banks may accept warehouses receipts as collateral. This would enable the farmers to store their grain and use their warehouse receipts as collateral to tide them over until the grain is sold."

MARRIAGE OF 60 YEARS IS BROKEN

Ephriam O. Dale, Age Eighty-Six, Expires Today, Following a Very Active Life.

FORMERLY A CONTRACTOR

Superintended Erection of Many Buildings Here—Member of Remarkable Family.

A marriage tie of almost sixty-one years was broken today by the death of Ephriam O. Dale. Had Mr. Dale lived until September 5, he and his widow would have been married sixty-one years. Mr. Dale was 86 years old and died this morning at 11:45 o'clock at his home in North Main street. He had been in ill health for some time, death being due to senility and a complication of diseases.

Ephriam O. Dale was born at Harrisburg, Ind., on February 13, 1829, and had lived in this city for many years. He was at one time a very successful contractor, having built, or aided in the construction of some of the principal buildings of the city. Mr. Dale superintended the construction of the building now known as the Odd Fellows building.

In many ways Mr. Dale was a remarkable man. Although in ill health for several years he was not taken seriously ill until some time ago. Of late years he has frequently been seen on the streets in the business section.

Mr. Dale leaves three brothers all past eighty years of age except one, the youngest of whom is seventy-eight. He had one sister who is ninety-seven years old. The brothers are Hiram, Lewis and Oliver S. Dale, and the sister is Mrs. Catherine Bannister. His widow and one son, Oliver M. Dale, also survive, besides two granddaughters, Mrs. Tom J. Geraghty of New York, and Mrs. Courtland Day of Los Angeles, Cal.

He was a member of the Main Street Christian church. For many years he had made his home with his son, Oliver.

The funeral services will be conducted Saturday morning at ten o'clock at the late residence and burial will take place in East Hill cemetery.

John Mapes, of Glenwood was elected to the highest state office, being named state president. He advanced to this office from the office of master of forms. Jesse Wolfung, Joe Miller, Theodore Jarvis and James Gregg were among the local men attending the meeting, which was said to have been the best ever held. The meeting last year was held in Glenwood.

SATISFIED WITH LOCAL ASSESSMENT

State Tax Board Informs Rush County Officials Valuations in This County Are All Right.

AVERAGE RAISE 5 PER CENT

Notice has been received by County Assessor Henry Schrader and the county auditor that the assessment of Rush county real estate is considered satisfactory by the state tax board and there will be no changes. This news was highly gratifying to the auditor's office as the tax books for next year all made out and a change would have meant all kinds of work. Only about five counties in the state were raised by the state board.

The real estate assessments taken for the county as a whole showed an increase of about eight per cent and the average increase of real estate and personal property was about five per cent. The state board could find no fault with the work of the board of review here.

COMBINATION TO BRING GOOD LUCK

Farmers Feel That Since it Couldn't be Worse, Perhaps Friday 13th May Mean Fortune Will Smile.

LITTLE WHEAT IS RECEIVED

All Wet Grain is Docked Three Cents Per Bushel For Each Pound Under Fifty-Eight.

FRIDAY THE THIRTEENTH.

Tomorrow is Friday, the thirteenth. Farmers see some prospect of a change in weather conditions. Such a combination is supposed to bring misfortune, but since it could not be worse, they are hopeful that it means good fortune.

There was no chance for threshing in Rush county today, according to farmers. It will require a good bit of sunshine if they get to threshing tomorrow.

The loss to Rush county farmers is mounting into the thousands of dollars each day the wet weather continues. Many threshing companies have never started and others no more got started when the rainy season began.

Inquiry at elevators here today developed that very little wheat has been sold in Rushville this week. That which is being sold grades very low because of dampness.

At one elevator it was stated that Monday has been the biggest day this week. On that day forty-seven loads of wheat were received and of that only ten loads graded up to the standard. This is thought to be about the average for wet wheat.

"The wheat that has come in since the rain began is bad enough," said one elevator man," but that which is still out is in much worse condition."

It is the rule at Rushville elevators to dock three cents a bushel for each pound below fifty-eight pounds. Very little wet wheat measures up to fifty-eight pounds to the bushel because the water causes it to swell up and causes it to weigh lighter.

One elevator today had a scale of prices. They were offering $1.05 per bushel for wheat which had been threshed before the wet weather began and kept dry at home and one dollar for wet wheat that graded up to the standard. Then, for instance, if wet wheat weighed only 57 pounds to the bushel, the farmer would receive ninety-seven cents a bushel. Wheat that will grade fifty-eight pounds when dry will grade only fifty-five pounds when wet.

There is one company of farmers north of Rushville who have seven hundred acres of wheat to thresh. Many of them are not expecting to realize as much as half of what they would have realized had it not rained. With forty-eight hours of sunshine, one farmer in the company said today, they will start all the threshing machines they can find right through the company and will hire all the extra men possible and get the wheat threshed.

HAITIENS NAME PRESIDENT.

Port Au Prince, Haiti, August 12.—The president of the national assembly, General Darticunaze, was today elected president of the Haitien republic, receiving a majority of all votes by the assembly. There was no disorder.

A baby girl weighing nine pounds was born to the wife of Mack Perry at their home in West Third street this morning.

NO ESTIMATE FOR A POOR ASYLUM

County Budget For 1916 Does Not Contain Recommendation For Appropriation For New Building

TO BE DONE LATER, IT IS SAID

Last Appropriation For Court House Bonds Will be Made When Council Meets Next Month

Attention has been called to the fact that the budget for the expenses of Rush county in 1916 did not include an estimate for the erection of a county poor asylum.

It was stated that if an appropriation is made before the spring of 1916, a special meeting of the county council would be called and necessary funds appropriated.

The commissioners have already asked the county council for an appropriation to erect new buildings at the county poor farm. The council has never turned the request down, but it is generally understood that the council is waiting for a more propitious time.

It is held that it would be foolish to go through all the necessary "red tape" required before construction this late in the summer because work could not be started before cold weather had begun. It is pointed out by many that the appropriation can be made and the contract let during the winter so that building can be started in the spring. The state board of charaties recommended that new buildings be erected on account of the unsanitary conditions of the present plant.

Attention has been directed to the cost of construction of the court house and jail since this year the last appropriation will be made for the payment of court house bonds and Rush county will be out of debt on its court house for the first time in fifteen years.

The total bond issue for the construction of the court house and jail was $230,000. The first issue was for $160,000 and was dated March, 6, 1896 and the second issue of $70,000 was made in 1898.

Both issues were in sizes of one thousands dollars each, five per cent non-taxable bonds, payable at the rate of $10,000 a year. The first series of the first issue was payable March 1, 1901 and the first series of the second issue November 1, 1909. So, since the latter date, Rush county has been paying off her court house bonds at the rate of $20,000 a year. The last series of the second issue will be paid off November, 1, of this year, and next year on March 1 the last series of the first issue will be paid, and then the county will be out of debt on its court house.

The total budget this year calls for $208,411.59. Of this sum $59,188 is for ordinary expenses and $149, 223. 59 is for flood bonds and interest, court house bonds and interest, gravel road repairr and for the redemption or gravel road bonds and coupons.

The council last year, at its regular meeting September 9, appropritaed $193,483, which included $52,750 for ordinary expenses, $20,000 for court house bonds, $6,000 for flood bonds and $103,733 for the redemption of gravel road bonds. It will be noted that about $2,000 more is asked for the redemption of this class of bonds this year.

Since making the appropriation at the regular meeting, the county council has held four special meetings at which deficiency appropriations have been made, making the total appropriations for the year $207, 344. That is about one thousand dollars less than asked for this

Judge Eichorn Overrules Motions of Defense in Marion County Election Corruption Cases.

MAYOR TO BE TRIED FIRST

(By United Press.)

Indianapolis, Ind., Aug. 12.—Special Judge Eichorn sustained today all but five counts of the indictment which charges Thomas Taggart, Democratic national committeeman, Mayor Joseph E. Bell, Chief of Police Perrott and over one hundred others with conspiring to corrupt the Marion county election. Forty-three counts were sustained.

The state elected to try Mayor Bell first and his trial date was fixed for September 7. The defense had filed motions for separate trials which were granted. The defense desired that Thos. Taggart be tried first, but the wishes of the state prevailed.

The defendants through their attorneys entered pleas of not guilty. Seven defendants previously had pleaded guilty to the conspiracy charge.

WILL REPLY TO CARRANZA DEFY

Administration Will Not be Backed By Central and South American Countries However.

THEY OPPOSE INTERVENTION

It is Realized Answer Washington Would Like to Make Would Bring Certain Action.

CHARLES P. STEWART.
(U. P. Staff Correspondent.)

Washington, August 12.—President Wilson faced an involved Mexican tangle today. General Carranza had defied him. It was known the administration meant to answer this warning.

Secretary of State Lansing was the first of his cabinet advisors which the president conferred with on his return from Cornish, N. H. and the Carranza defiance was the first they took up.

That the "first chief's" not was deemed defiant was passively admitted almost certainly wanted to make was likely to precipitate a situation south of the border that would render American intervention inevitable.

The Latin-American powers refused to endorse interveption. Argentenia went so far as to reply promptly and officially to the Carranza note that the South American republic disclaimed any intention to interfere in Mexican affairs or to identify itself with any program having that end in view.

No doubt existed that the other South and Central American conferences held the same view.

The United States must not only act alone if it intervenes but must act against the vigorous opposition of the countries which it called into its counsels relatives to the Mexican situation.

Carranza did nothing to smooth the administration's way.

As was predicted in United Press dispatches Tuesday, President Wilson suddenly brought to an end his vacation and this morning arrived back in Washington to take charge of the Mexican situation.

The cabinet meeting which was called for 10:30 o'clock this morning was not held.

He is desirous of following the plan for the settlement of the Mexican question inaugurated when South and Central Amerieau republics were invited to confer on Mexican affairs. He is determined, however, to afford protection to foreigners in Vera Cruz.

It was understood that President Wilson will continue with is Mexican plans despite the evident efforts of Gen. Carranza to show that he is not in accord with the intentions of the Pan-American conference. Carranza is to be given an opportunity, however, to agree to the plan finally determined on.

The Latin-American diplomats' conference with Secretary Lansing in New York Wednesday ignored Carranza's defiant note to the United States in which he demanded that "A. B. C." diplomacy be kept out of Mexican affairs.

The action marked the first step by the governments of North, Central and South America to compose the troubles of turbulent Mexneo.

The Pan-American conference agreed that a note should be dispatched from Washington at once making an emphatic request that the differences of the factions in Mexico be settled and that peace be restored. The nations participating in the conference were, the United States, Brazil, Chili, Argentenia, Bolivia, Guatemala and Uruguay.

A Great Free Demonstration of Scholl's Foot Comfort Service

SATURDAY, AUG. 14, 1915

Consult the Chicago Foot Specialist FREE

On this day **FREE** examination and advice will be given by an expert under the direction of Dr. Wm. M. Scholl, the famous foot specialist. He will also give demonstration of foot appliances necessary in the correction of foot troubles. This important event was arranged at great expense principally for you who have weak, tired, aching, callousedfeet, for you who suffer from bunion pains and corns, or who have broken down arches, crooked toes, and hammer toes, for you who have tried fruitlessly to get relief. Not obliged to buy shoes here.

If you have flat foot, weak feet or broken down arches, no matter if you are already wearing arch supports, have your feet scientifically examined by this specialist and let him advise you what to do. If you have been using bunion and corn remedies that furnish temporary relief without correcting the cause be sure to get this scientific advice.

If you are one of the many thousands who have always had trouble in being properly fitted to shapely footgear come to our store. The difficulty will be solved easily and simply and perfect foot comfort will be given you.

WARNING: You may not realize it but those slight aches at the heels and ankles, those painful cramped toes, that body weariness and brain fag are typical of weak arches and likely to result in a serious derangement of the whole nervous system. Many people have mistaken these pains for rheumatism and have tried internal remedies to correct them when all they really needed was proper support of the feet arches.

REASON FOR THIS DEMONSTRATION

It has been our ever constant aim to make this the most progressive shoe store in town. For months we have thoroughly investigated the efficiency of the service rendered users of Dr. Scholl's Foot Specialties and wearers of his appliances. We have seen people who previously walked with great difficulty now able to stand the most rigorous exercising of the feet, enduring long walks and long standing without the slightest annoyance. We have found everyone of Dr. Scholl's corrective devices anatomically correct and scientifically perfect. To give our patrons and friends the fullest benefit of the Scholl Foot comfort Service we have arranged this demonstration and will henceforth conduct in our store an orthopedic department for continued service of this character. We are headquarters for Scholl's Foot Comfort Specialties and Appliances.

THERE'S A SCHOLL APPLIANCE FOR EVERY FOOT AILMENT OR DEFORMITY

Whatever your foot troubles may be, there is a Scholl appliance or device which will correct permanently the trouble from which you are suffering. Consult this noted specialist and let him advise you about your trouble.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentanel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unsightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentanel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentanel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "sentanel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sentanel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membraneous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentanel tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

year. The council generally slices the budget down some.

Some interesting things may be found in the records concerning the erection of the court house and jail, all of which have been called to mind by the fact that the last bonds will be soon paid off.

Bids were received March 5, 1896 by the commissioners and the contract was let to P. H. McCormick of Columbus for $157,143, who is termed in the records as "the lowest and best bidder." The contract, of course, did not include furniture and other equipment.

The two bond issues of $230,000 do not represent the cost of the court house and jail to the county. It must be remembered that the county has been paying interest on the bonds all this time, which would bring the total up considerably. The first issue of bonds was sold to Seasongood and Mayor of Cincinnati and the second to Campbell, Wild and company of Indianapolis.

Another interesting bit of record recalls that the court house was removed to the second floor of the K. of P. building while the new building was being constructed. The records show a contract entered into by the commissioners and the trustees of Ivy lodge No. 35, K. of P., whereby the county paid the lodge $70.83⅓ a month rent for the lodge room.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Mexican Policies

It is announced that there will shortly be a change in President Wilson's Mexican policy, and this seems to imply that hitherto he has followed a single undeviating course, but a mere glance at past events reveals two distinct periods. The first was one of paternal and more less active interference the demand for the elimination of Huerta, the virtual calling of an election in Mexico, the consideration of the qualifications of various candidates for President, and efforts to solve the interminable land reform question. After the Tampico incident a year ago last spring American ships and the men occupied for many months the chief port of a nation with which we were not supposed to be actually at war, thus indirectly aiding the insurgents and bringing about Huerta's downfall.

The second period, the period of inactive on-looking, seemed to be due less to the fact that worse conditions followed the elimination of Huerta than to other absorbing complications brought about by the war in Europe. A third period appeared to have been inaugurated last May when President Wilson warned the rival Mexican chieftains that if they did not adjust their differences and restore order in their distracted country "within a very short time," the United States government would proceed to "help Mexico save herself." During the second period, in the course of his Jackson Day speech at Indianapolis, President Wilson recognizer the right of the Mexicans to engage in civil war and declared his intention not to interfere with their "struggle for liberty" but the patience thus revealed seemed exhausted when he sent his warning in May. This warning, after long waiting, having manifestly been disregarded and the conditions having grown steadily worse, an actual interference is again promised.

At least three features of the new programme, as reported, are likely to commend themselves to thoughtful citizens of this country. We refer to the calling of leading Latin-American republics into consultation, the proposition of an all-American embargo on arms to Mexico, and the assurance that, whatever may be undertaken, Mexico will not lose any territory. As heretofore President Wilson is said to consider intervention not as a means of safeguarding American interests but of protecting the Mexicans from themselves. This presupposes right of supervisoin over the affairs of an independent neighboring country which ordinary circumstances would have no existence, but if Mexico has become a disgrace to the western hemisphere to an intolerable degree, the joint interference of several American republics can be justified.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

THIRD DISTRICT G.O.P. IN BIG RALLY

Republicans Flock to West Baden From Nine Counties For Love Feast Today

PLENTY OF ENTHUSIASM

(By United Press.)

West Baden, Ind., Aug. 12.—Utilizing every means of conveyance Republicans flocked here today from every nook and corner of the nine counties that compromise the Third congressional district. The occasion was the big Republican rally of the district.

Due to inadequate means of transportation, many of today's arrivals started early yesterday. A district meeting is a sure thing in the Third, which added all the more to the enthusiasm displayed today.

Governor Phillips of Wisconsin had not arrived early today and the expected announcement that he would not be present. Other speakers of note were ready to fill the gap, however. Enthusiastic greetings and cheers could almost be heard in Thomas Taggart's stronghold at French Lick.

MAN IS MISTAKEN FOR WOMAN HERE

Fred Speer, Giving Home as Orleans, Ind., Has All Earmarks of Being One of Feminine Sex.

THE MEN FOLKS ALMOST FLIRT

A "womanish looking" boy attracted attention in the business section of the city last night. According to his story, everywhere he goes he is mistaken for a woman parading in men's attire. He gave his name as Fred Speer and his home as Orleans, Ind. Attention was first called to his queer appearance at a local restaurant. Men in the restaurant were so sure that it was a woman that they almost flirted with Speer. Their suspicions were almost confirmed when Speer winked at them.

He is small of stature, having small hands and feet and features of a woman. His hair is worn rather long and parted in the middle. Speer says he is out looking for work and came here from Greensburg. He was arrested the first of this week in Indianapolis, having been mistaken for a woman parading in the dress of a man. About the only thing about Speer that was not "womanish" was the manner in which he held and puffed at his cigarettes.

INDIANS HAVE CHANCE AT FLAG

Manager Hendricks Predicts His Team Will Cop Pennant Beating Out St. Paul

BAD LUCK HAS ALL PASSED

Fans Expect Winner as Fed Won It Two Years Straight—Now in Third Place

BY ROCKS BARTLEY
(U. P. Staff Correspondent.)

Indianapolis, Ind., Aug. 12.—Will Indianapolis be on the baseball map when the chill winds of late September begin to blow around the Hoosier Capital? This is a question which is uppermost in the minds of Indianapolis baseball fans and in the minds of the followers of the game pretty generally over the state After having a pennant winning team for the past two years via of the Federal League team now residing in Newark N. J., the Hoosier capital naturally expects some kind of a pennant at the close of the season.

When the above question was put to Manager Hendricks today he said "I firmly believe that Indianapolis has a good chance to capture the Association championship. As things look now I see nothing that can keep us from being on top when the race ends on Sept. 19. For awhile it looked bad when all our pitchers were laid up with sore arms but now with Tipple, Merz, Willis, Leverenz, Schardt, and young Crandall, and a good chance of regaining Burk from the Pittsburgh Federals today by means of an injunction, I think our bad luck has passed."

As to the strongest contenders for the championship, Hendricks said: "The teams Indians must beat are St. Paul and Minneapolis. Both are leading us now but I predict that both have shot their wad and will soon be on the down grade. They haven't had their off day yet. Indianapolis has had hers and is that much ahead."

When asked about the possibility of Sandy Burk being sold to the New York Yankees or the Washington Americans, in case Judge Reed of the Pittsburgh court today issued an injunction to prohibit he former Indian from playing with the Pittsburgh Feds, Manager Hendricks intimated that Burk would not again be seen at Washington Park though he would not say where he would go.

MATHEWSON IS THIRTY-SIX TODAY

Usually Celebrates His Birthday With a Victory—Won From Superbas Last Year

LOST ON THIS DAY IN 1912

(By United Press.)

New York, Aug. 12.—Christy Mathewson is 36 today. Frequently he celebrated his anniversary with a baseball victory; what he'll do today remains to be seen.

Only once has the old master consorted with Dame Defeat on his birthday. This happened in 1912, and then Christy, acting in a relief capacity for a bombarded boxman, could not sudue the Cardinals, and they procured the winning run off him. Last year "Matty" pitched part of a game on his birthday against the Superbas and held safe a two-run lead bequeathed him by Arthur Fromme.

On August, 12, 1911, it was fortunate for "Big Six" that he was not asked to work, as the Giants failed to get a run off "Dut" Chalmers, of the Phillies. Christy had an afternoon off on August 12, 1910, but on August, 12, 1909, he shut the Cubs out with four safeties, and on Aug. 12, 1907, he conquered the Pirates and pitched the Giants into second place.

EVEN GRAY HAS HIS TROUBLES

He is "Little Navy" Man, the Class Who Are Being Blamed For Present Condition in Country.

MAKES ENEMIES OTHER WAYS

Indianapolis Political Writer Discussed Possibilities in Sixth District Politics.

George W. Stout, writing in the Indiana Times, comments on political conditions in the sixth district, declaring the Republican leaders are sanguine. He says in part:

Over in the stormy Sixth district, home of political typhoons, where the semi-annual crop of cyclones alwys is a bumper and where many a shrewd politician has hit the bumps in times agone, there is beginning to be noted a more than casual interest in the matter of the congressional contest of 1916.

In the event the new primary law is in effect and operating next year the congressional preliminaries may not be especially interesting. If the nominations are made by delegate conventions in the old way, there may be something stirring, at least on the republican end of the sketch.

Several counties of the district boast proudly of favorable sons who are being urged to go after the republican nomination. There is little or no talk of any effort to snake the Democratic prize from the possession of Congressman Finly H. Gray of Connersville.

At the same time Gray is having his troubles, as a congressman will when he is set at the task of selecting a few men out of an eager army to fill salaries positions under Uncle Sam. There are many more "deserving democrats" in the Sixth district than there are available jobs to be filled thereby. Every postmaster appointed means ten would-be postmasters disappointed. The disappointees in each community from the nucleus of trouble for Gray.

Because hope springs with unusual vigor in the Republican breast in the Sixth district this year, there is a strong desire in many quarters to be up in front when the congressional choice is made by the Republicans of the district.

Sanguine Republican leaders count the Sixth as one of the surething eggs in the 1916 basket. There is a feeling throughout the district that Representative Gray is due for a beating. Hence the popping up here and there of favorite republican sons in the various counties.

Congressman Gray is a "little navy" man. Just at this time the national administration plans a considerable enlargement of the United States navy as a part of the general program of proper preparedness. Emphatic notes and warnings are being sent out from time to time to armed and fighting nations, and the United States, though wordily defiant, is without a navy with which to square deeds with words in case the time comes for making good our brave declaration of American principles.

Gray and his "little navy" kind are being blamed for the unprepared condition of the navy, and the situation is being pointed out as indicating the alleged narrowness of Gray's statemanship.

On the other hand, the Sixth district is a center of peace sentiment, and Gray has not failed to place himself in accord with prominent and influential leaders of the Society of Friends, which organization is a power in Sixth district politics.

In a recent letter to the peace advocates of Wayne county Congressman Gray promised to co-operate in the movement for a peace congress of the nations. At the same time he said the country must have an adequate navy. He did not commit himself to support the national administration's recently formed large naval plans. Nor did he suggest that any mistake had been made in the past by the "little navy" forces in preventing the timely building of the adequate navy he now advocates.

While Gray's friends are making the argument that it is necessary for the voters to stand by Wilson by voting Gray, or some other Democrat into congress, the Wilson talk is not helping Gray to any considerable degree for the reason Gray in the past has not been in favor of an adequate navy. He must reverse himself if he is to take his stand with Wilson. Republicans are saying that it is not so much a question of backing up Wilson as it is a matter of backing up Uncle Samuel.

* * *

First of all, the 1916 Sixth district republican nomination for congress is not looked on at this time as an empty honor. That makes a big difference. Because the nomination is believed by many republicans to be worth going after; because many republicans feel that a reunion of forces makes it possible to win at the election next year, aspirants are being mentioned and some are planning to get into the race.

P. J. Lynch of Newcastle, who made a remarkable fight for election in 1914, cutting Gray's plurality to 3,000 in spite of G. O. P. division, is an avowed candidate for a renomination. He has given out word in the last few days that he will be on the ground in a short time to begin an active canvass of the district. Lynch is believed to have a considerable advantage in a primary contest. His friends declare, however, that it makes no difference to them whether it is to be a primary or a delegate convention. They say they believe Lynch's race in 1914; the friends he made in his complete and militant campaign, and the friends he will be able to make in future, will make his renomination sure..

They feel a primary would give Lynch an advantage by reason of the general sentiment on behalf of the man who has made a good fight under adverse conditions. The Lynch people say they will welcome all comers to a trial of strength in the primary or in the convention, but they serve notice Lynch is going after the nomination good and hard, with all is might.

* * *

Lynch has won admiration by reason of his fighting quanities. When the religious issues was attempted to be injected in the 1914 campaign Lynch met the matter squarely and in the open. He invaded Wayne county and sought out the bull moose hotbeds and made his appeal directly to the voters, making more Republican speeches in Wayne than had been heard therebefore in years. Lynch was not afraid to speak up for his party.

The fact he was able to show he had gone down the line for Roosevelt in Pennsylvania in times past, when it took fighting courage to make a stand, has helped him greatly with the Roosevelt men in the Sixth.

While the Lynch forces are busy rounding up the voters the friends of other candidates are grooming their favorites in the various counties.

FRAT LEAGUERS PLAY TOMORROW

Battle For First Place Will be Staged at Edgewater Park With Consent of Weather Man.

LINEUPS ARE ANNOUNCED

The K. of P. and Red Men teams of the Fraternal league are asking the weather man to be kind long enough to play the game scheduled for Friday afternoon. The diamond is pretty well soaked at present but with a little sunshine it will be possible to play the game. Both teams are all ready and a hot contest is expected as the K. of P.'s must win to retain first place and the Red Men must win to keep from hitting the cellar.

The Knights of Pythias will line up as follows: Carter, short; Camp, right; Cassady, second; Tompkins, catch; Todd, left; Brown, third; McGuire, first; McDaniel, center and Conde, pitch.

The Red Men lineup as follows: Small, right; Waggoner, third; Stoops, first; Black, left; Wilson, second; Miller, catch; Hosier, center; Sweet, short and Yazel, pitch. The game will be called at 3:15 o'clock.

UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as ractical designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer, Mr. A. H. Schrichte.

GRAIN STORAGE LAW UNCHANGED

Warehouse Owners Must Not Discriminate And Must Give Reasonable And Fair Service

LAPP COMPLETES INQUIRY

Wrong Impression Held by Farmers And Storage Men Alike—Unfortunate Handicap

(U. P. Staff Correspondent.)

Indianapolis, Aug. 12.—Statewide controversy over the application of state laws to the storage of grain was cleared up oday for the United Press by John A. Lapp, director of the bureau of legislation information.

"The law has not been changed to prohibit storage of grain nor to put a serious handicap upon it," said Lapp. "Warehouses which store grain must not discriminate and must give a reasonable service at a fair price. Any person who is aggrieved by failure to give such service may appeal to the state public service commission which acts as a court of justice in this matter."

Reports searching various state offices at first led to the suspicion that there was a state-wide effort on foot to defraud the farmers by giving out the impression that some law existed whereby warehouses could not store grain. Although this impression exists in many sections, it was not found by Lapp to be general. Lapp completed today a full injury into every county in the state concerning the matter.

After this was nailed, it was discovered that warehouse men very generally held the impression that to store grain would place warehouse men under very unfavorable rulings of the public service commission. This impression, according to Lapp, should be corrected also. He explained as follows the part played by the commission:

"The public service commission law does require that warehouses which receive grain for storage shall give reasonable service at a fair price; it does require adequate service, prohibits discriminations and requires certain reports to be made by the warehouses to the state commission. But it is absurd to assume that those requirements prohibit the storing of grain. They are reasonable requirements and moreover any question arising may be referred to the state commission where a fair and impartial hearing can be had. Surely no one would expect that a warehouseman would be compelled to build addition can it be said that it would be discrimination to turn away customers when the warehouse is full any more than it would be in, the case of a Pullman car when all berths are taken.

"Adequate service could not mean that additions must be built for that would be an unreasonable requirement and the provision aginst discrimination could reasonably mean only the 'first come first served.'

"That the warehouses generally find no difficulty in the matter is plain for reports from nearly all parts of the state indicate that grin is being stored as usual. Several counties however, report that some warehouses have become merely buyers.

"It is unfortunate for the farmers that there should be any handicap upon the storage of grain this year because of the good prospects and because of the favorable action of the federal reserve board in ruling that federal reserve banks may accept warehouses receipts as collateral. This would enable the farmers to store their grain and use their warehouse receipts as collateral to tide them over until the grain is sold."

HELEN KELLER IN FIRE.

Helen Keller and her teacher, Mrs. John Macy, who appeared at the Rush county chautauqua last week, were on the I. & C. traction car which caught fire in Indianapolis Wednesday evening from an electric wire. They were on their way to Greensburg where they spoke Wednesday evening. The fire was soon extinguished.

WILL REPLY TO CARRANZA DEFY

and Louisiana, American battle ships, are speeding toward Vera Cruz and the battle ship Connecticut, now in Haytien waters, is being held ready for dispatch to the Mexican port in the event that American lives are endangered further. Late advices from Commander-McNamee, however, brought the soothing information that the disturbances reported yesterday had been quelcld, and American officials believe there will be no need for a display of force.

Senor Cardosa, the Brazilian minister to Mexico, is on his way to the United States from Vera Cruz, having been expelled from Mexico by General Carranza. He took passage on the United States gunboat Sacramento, bound for New Orleans. The departure of Senor Cardosa leaves this government without representation at the City of Mexico.
